Respected Attention to

His Excellency General Kiet Chantharith, Director General of Immigration

Subject: Request to investigate on **Wedding Money Stealing amount USD 3500 (Three thousand and five hundred US Dollar)** happened at Thnol Chak Villiage, Kaen Sangke Commune, Sotnikom District, Siem Reap Province and fraud case amount **USD 5000 (Five thousand US Dollar)** happened in Sombou Village, Sambou Commune, Krong Siem Reap, Siem Reap Province.

Regarding to above subjective I would like to inform **His Excellency** that I'm a Polish citizen, but I do not live in Poland, I have moved to Bangkok, Thailand. I did not apply for permanent residency in Thailand because I love to travel, and before I settle down in Bangkok, I prefer to travel to surrounding countries and visit UNESCO world heritage places like **Ankor Wat**. During my stay in Siem Reap Province, I met some problem. On 11th December 2023, I and a Khmer translator have been accompanied me to seek for help from Local authorities in Siem Reap province such as **Tourism Police office, Immigration Police Office, and Commissariat of Siem Reap Province**, unfortunately, I am rejected, those local authorities provided me some reasons which were not accepted and they did not even read my complaint letter. I need to seek for justice for myself that is the reason that I seek for your help to investigate as following:

1. Wedding Money Stealing amount USD 3500 (three thousand and five hundred US Dollar)

I came to Cambodia Siem Reap on 19 Jul 2023 with a visa on arrival and after two weeks Angkor Rithy Residence's Manger introduced me to Khmer girl named **IEM NISA**. And next morning Angkor Rithy Residence's Manger introduced me to **Dohn Lee** and **Liam** from Phom Penh. The next day, **Liam** told me that he became homeless and he has not work. He claimed that his girlfriend kicked him out of his apartment, and he had only \$10 in his pocket. He shared with me that he will be working for me, but I denied wanting to employ him. I informed him that I can pay for his food, massage, and party if he will translate from English to Khmer language because my "wife" to be doesn't speak English. He repeated every day that he didn't have any money, and he will work for me, but I did want to employ him at all. He said that he used to be a truck driver, restaurant manager in pub street in Siem Reap. But currently, his last job is associated with the Ducks. After 3 days, I bought an engagement ring and I put it on NISA's finger, I asked her if she will be my wife, and she told me that her family needed to accept me on engagement in her village house in Siem Reap province. A few days later, she organizes engagement in her village house and paid her money because she comes from a destitute family. Day before engagement I paid for:

1. **\$150 (One hundred fifty US Dollar)** for 3 baskets of fruits
2. **\$200 (Two hundred US Dollar)** for photographer
3. **\$350 (Three hundred and fifty US Dollar)** for food
4. **\$150 (One hundred and fifty US Dollar)** for decoration
5. **\$250 (Two hundred and fifty US Dollar)** for engagement dress and suite
6. I bought a giant speaker for more than \$100 (one hundred US Dollar), and I left in Nisa village house as a gift

7. I gave to Nisa **300 EURO** for new cloths.

Mrs. Chhor Danny, who introduced me to **NISA**, told me that on engagement in Khmer tradition I have to give money for wedding. Money will be secure, and won't be spent for anything apart from the wedding. In this way, engagement is more serious and wedding is secure by this money. I calculate that wedding party in good restaurant with dress for Nisa for 15–20 people will cost in Siem Reap about **\$3500**. **Donh Ley**, **Lim Kanel** (from Phenom Penh) and **Dany Chhorm's** husband (Mr. Rithy), **NISA's mother** and **Nisa's sister** are witnesses that I gave **\$3500** for the wedding.

After the engagement party (Lim behaved like a friend) informed me that he wanted **\$2000 (Two thousand US Dollar)**. I updated him that he needs to work but won't pay him any money because I'm not his employer. When he was drunk, mentioned that some people in Siem Reap are crazy and can poison me.

After a few days, ordered food from hotel reception, **Mrs. Danny**: Villa manager brings food meat and soup: but the food was terrible and smelled like snake venom. When NISA tried the soup a bit, she was scared and told me not to eat; ran out from the villa to her resting place. I ate the meat and the fat from the meat was too sour. When I ordered the same food before from Danny, it was good, but this time it was terrible. I ate a bit and I started to feel bad. The next day I had "red pimples on the skin" on my hands, neck and legs a bit.

Mr. **Lim** borrowed some money from Mr. **Dohn Lee**, and he went from Siem Reap to Phnom Penh by night bus. Mr. **Lim** came back to Phnom Penh and his friend told me that he went to Pagoda because he is homeless. I have recorded in mobile app WhatsApp that he wants money from me.
(that's why I suspect that possible he comes back and steals the wedding money)

After a few days, RITHY residence and villa manager told me that **\$3500** cash for the wedding was gone. He claims that mother took **\$2000** cash and I had to pay for her family next **\$3500** plus give **\$7000** for the wedding. I had a feeling that Mr. RITHY, residence and villa manager was lying to me, but I was not sure because he had drunk alcohol.

I believe this constitutes a clear case of Theft under Article 353 of the Cambodian Criminal Code.

2. Complaint against POWER P.Y REAL ESTATE CO., LTD For fraudulent misrepresentation of property value and subsequent overpricing of a house I purchased amount USD 5000 (Five thousand US Dollar)

After the engagement party, Nisa went to her resting place room in Siem Reap that she was renting for \$50. She came to my villa room for a few hours per day and her family told her that she could not go with me to Bangkok because probably I'm going to make a baby for Nisa. And she comes back with a baby, no money, and she would not have a place to stay. So they informed me that the best solution is to buy some cheap house with land, so if she will be pregnant, or we split out because of age difference, she can live there with the baby.

I started to searching for the cheap house and land. I found a few, but the road to the house land was horrible, for that reason, I asked Mr. **Donh Ley** to find a house with a normal flat road. He showed for me and Nisa house with normal road connection. Mr. **Donh Ley** and owner of this house land told me that every new house with land on this street costs **\$60000 (Sixty thousand US Dollar)**. NISA informed me that she can live here, so I paid deposit for house land and I went to Europe, Poland to sell my house. Currently, of paying deposit, I do not have enough money to pay for the land house in Siem Reap. Mr. **Donh Ley** sounds suspicious to me, the way how he speaks about buying house land doesn't sound professional. He claims that he has a real estate agency, but he would rather not show documents that he is a real estate agent. After I sold my house in Europe, I paid the outstanding balance for house land I sent \$500 to Nisa and a few thousands to the developer to buy furniture and AC for the new house.

I spotted on the internet website named “**Khmer 24**” that the new house that I bought for **\$60000** cost **\$55000**.

I have checked many ads of the same house land on the same street from **\$49,000 to 55,000**, and also, I have not seen in any ads such as website or face book show that land house price **\$600,00**

The agency's fraudulent misrepresentation led me to pay **USD 60000 (Sixty thousand US Dollar)** more than market value based on ads from website and social media.

I believe this constitutes a clear case of fraud under Article 383 of the Cambodian Criminal Code. Because the agency and Mr. Donh Ley take advantage of the ignorance or weakness of NISA and I.

My Requests:

1. I request to investigate this matter thoroughly and take appropriate action to call all related people such as **Mrs. Chhorm Danny, Mr. Rithy (Mrs. Danny's husband), Mr. Dohn Lee, Mr. Lim, Nisa's mother, Nisa's sister, Nisa's Farther, Nisa's uncle** and **Nisa** to ask about this losing money, I also would like to inform that those money, I brought from Europe (my country, Poland united Europe), so I believe that it's different batch number and Interpol money expert can track them easy in Cambodia
I seeking for given back the money as mentioned above from anyone who took this money.
2. I request a refund of **\$5,000** due to the fact that it is an excessive price. At the same time, I draw up a new loan agreement which is a part of land and house purchasing that should be registered at the Landing Department. In case, I be able to claim back the money amount \$5000 from Real Estate agency, I would like to amend the loan agreement the same value of Land and house price from **\$60,000 to \$55,000**. However, at the time of reporting to the Siem Reap Police, the loan agreement prepared by Mr. **SIN SAKANA**, lawyer is not yet registered in the Siem Reap Landing Department Office

I have attached the following documents to support my claim:

- Engagement Photos
- Relevant people ID
- Sale Purchase Agreement
- Laon Agreement
- Website
